# Manufacturing Quote Request

Quote request form — for all AN-HP Am-241 and Am-241/Be sealed sources.

> This form helps us scope your request and prepare an accurate quote. Tell us what you need, and we'll respond with a quote and a timeline. Return the completed form to **shensley@gammatron.us**, and attach any existing source drawing, specification, or sample for reference.

- ☐ Laboratory use

## CUSTOM REQUESTS & ADDITIONAL NOTES

Gammatron manufactures more than sealed sources — custom tooling, hand tools, and specialty fabrication. If you need something unique, or have any special circumstance, describe it here. There is very little we can't help with, so reach out.
